UNDERSTOOD

NEW MUNICIPAL REVENUE CENTER ONLINE PLATFORM

Year 2018 Issue #4

The Municipal Revenue Collection Center (CRIM by its acronym in Spanish) has launched a new platform for personal property tax filings and payments. The CRIM's new platform will allow the taxpayer to perform the following transactions:

- Prepare, save, review and update their tax returns before the filing.
- Calculate the estimated tax payments in the website.
- Minimize risk of providing sensitive information to complete payments.
- Promote the use of electronic filing and electronic payment methods instead of the manual process currently in place.

How to access the new platform?

The taxpayer must access the platform through CRIM's website (<https://emueble.crimpr.net/>). There, the entity or individual will be prompted to create an account with a username and password.

2018 estimated tax payments

- The taxpayer may choose between the following methods to complete the payments:
 - ⇒ ACH Debit
 - ⇒ Credit Cards
 - ⇒ Wire Transfer
- New option – Referral request
 - ⇒ The taxpayer may appoint a representative to make the payments. If this option is selected, there is no need to create an account within the website and the representative will initiate a payment request on behalf of the taxpayer from its account.

At RSM Puerto Rico we are ready to help you with the registration process and with any questions you may have. Please contact your tax advisor.
