**Paris, Octobre 2, 2025**

RSM France is pleased to announce the appointment of Jimmy Castillo (34) as Partner in the Consulting Division, responsible for developing the “Compliance, Risk & Regulatory” offering for the financial industry (asset management companies, investment funds, investment firms, and banks). This addition strengthens the network’s positioning with financial clients, bringing enhanced expertise in regulatory matters, compliance, and internal control.

With over 10 years of experience in the financial sector, particularly in asset management, Jimmy Castillo brings a comprehensive perspective on regulatory challenges, compliance, internal control, risk management, and the structuring/transformation of management companies and their investment funds/financial products.

*"Jimmy's appointment aligns with our ambition to provide increasingly tailored support to financial actors facing growing regulatory complexity. His expertise strengthens our ability to deliver high-value solutions,"* says Mohamed Oucheikh, Head of Consulting Services at RSM France

### **Areas of expertise**

Investment funds, asset management companies, banks, family offices, investment firms, and financial advisors. At RSM, Jimmy leads the Business Risk & Compliance team dedicated to the financial sector. Together with his team, he supports clients in addressing regulatory challenges, from outsourcing/assisting control functions (RCCI/RCSI), to structuring financial

actors (approvals, product launches, regulatory implementation), and implementing tailored compliance frameworks.
