Paris, 14 mars 2025

RSM, the 6th largest global network of audit, accounting, and consulting services, becomes a sponsor of the SEMIA incubator, a member of the Quest For Change association, whose mission is to support the development of start-ups and innovative companies in Alsace.

Beyond its role as a sponsor, RSM provides concrete support to projects from their creation phase. As a major player in business advisory and support, RSM is involved from the initial stages of projects, guiding entrepreneurs in structuring their businesses and in their fundraising efforts. This support covers business strategy development as well as legal and social aspects.

RSM's offices in Strasbourg and Colmar will work directly within SEMIA to help entrepreneurs structure their projects by providing practical solutions for managing growth and ensuring the long-term success of incubated businesses. This sponsorship also includes organizing events dedicated to innovation and entrepreneurship.

This sponsorship will strengthen and energize the entrepreneurial ecosystem in Alsace by fostering an environment conducive to the emergence of new talents and innovative projects.
