admission as reviewers in the process of certification as "Certified Entrepreneur to German Standards" of the DIKMU and the respective applicable requirements from January 1th, 2021 for an indefinite period.

The accredited– together with the reviewers named above and in coordination with the DIKMU – may assess any company and may propose it to the DIKMU for certification.

The accredited may use the official certification logo of the DIKMU together with the addition "Accredited Certification Body" in public.

This accreditation is only valid as long as it is included in the official list of accreditations by the DIKMU. The accreditation can be revoked by either side at any time for an important reason. Therefore, the current admission situation can be found in the official list of accreditations by the DIKMU.
