

RSM PARAGUAY

THE POWER OF BEING UNDERSTOOD
AUDIT | TAX | CONSULTING

RSM GLOBAL

RSM is an independent network of audit, tax and consulting firms ranked sixth worldwide.

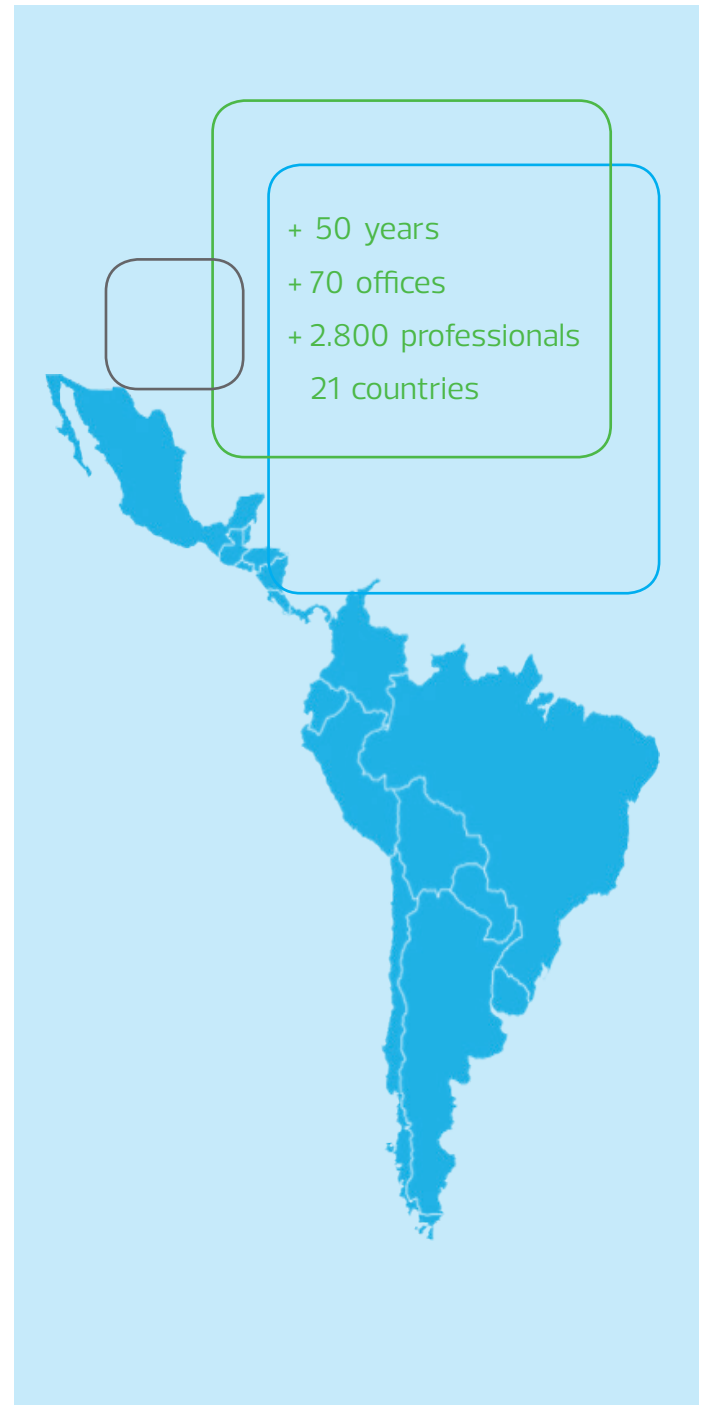

RSM has a staff of more than 43,000 employees, with 3,300 partners around 810 offices across more than 120 countries with a total revenue of USD 5.74 billion annually.

RSM LATAM

The pace of reforms has increased in Latin America, with governments working to achieve transparency and promote businesses.

RSM members in the region are experts in the services rendered to various types of companies, as local, foreign, large and small. We can assist you in safeguarding the financial integrity of your business operations in Latin America, no matter the location, with innovation and ensuring reliability.

We are the perfect option for the increasing number of small and medium-sized companies that wish to operate and invest in Latin America. Through our firms, we have a deep understanding of the local framework of each country, and a wide range of technical abilities to which is added the collective force of our global network.

RSM PARAGUAY

We have increasingly witnessed lately how first-tier international firms have chosen to establish in Paraguay, attracted by the stability and remarkable economic growth in this country.

Therefore, given the leading companies' increasing need to receive high quality services which is the basis for taking their most important decisions, RSM Argentina and RSM Uruguay have decided to create a new firm: RSM Paraguay.

RSM Paraguay results from the union of two audit and consulting firms with common goal and working culture, fulfilling the high quality standards required by the companies operating in the Paraguayan market and transmitting the excellence values of the RSM firms worldwide.

By choosing us, you can be sure that your company will be provided with the support of an integrated work team, a deep understanding of the Latin American market and a client-focused approach, which is based on offering tailored solutions to meet individual requirements.
