# Information Technology & Risk Advisory (ITRA) Services

Are you looking to improve your systems and your IT organization?

Do you want to move to the air of digitalization?

Nowadays, and with significant acceleration, the business game is changing and becoming more and more demanding in terms of information technology (IT). It is becoming necessary to master these changes and this transformation from the outset to guarantee continuous and secure progress.

At RSM Switzerland, our experts can assist you with the transformation of your systems and applications. From choosing the best solution to carrying out the changeover, we will help you to develop your information systems and adapt your organization, incorporating the specific features of your business model and your company as far as possible.

Please, feel free to contact us so that our IT & risk advisory professionals can provide you the appropriate support and guidance.

## Our ITRA service includes the following services:

- IT audit
- IT risk
- IT security & privacy
- Business risk
- CyberShield Academy
- Data analytics
- Digital transformation
- Green IT

Countries

## RSM Switzerland

### Swiss expertise, rooted in the local economic fabric

Operating across Switzerland, RSM supports Swiss SMEs, mid-sized companies and large organisations with audit & assurance, tax and consulting services. Our teams have a strong understanding of the Swiss regulatory, economic and entrepreneurial environment, bringing clarity and reliability to every engagement.

### A single Swiss point of contact, connected globally

We know that time is precious. Your dedicated Swiss contact coordinates your needs locally and acts as your central interface, ensuring smooth collaboration and efficient delivery, while remaining close to your business realities.

### Tailored solutions for Swiss businesses

Through close client relationships and strong sector knowledge, we deliver practical and tailored solutions.

Our approach helps organisations improve efficiency, manage risks and support sustainable growth in Switzerland and beyond.
