Tax Risks Management on Logistics Industry: Challenges and Treatments

For successful business in today’s economy changing world, it needs to take direct control of risks including tax risks. To achieve this, it needs to embed risks into important decisions and day-to-day operations, channeling it proactively and positively to create real business value. Tax risks on logistic industry can have an impact well beyond financial obligations and these tax risks shall be addressed early to find out the proper treatments.

This seminar is aimed at helping logistics companies identify, assess and manage the tax related risks, as well as address issues in your business before they arise, and set in place operational safeguards against these potential risks.

Discussion topic:
- Present the overview of logistics industry and the important tax implications
- Identify the potential tax risks on income received from and expenses paid to foreign partners
- Notify the important tax implications on the activities of agency and logistics business
- Present the principles on the determination of tax obligations for international transportation business

Mr Lam has over 26 years of experience working with multinational corporations and Vietnam clientele in all business sectors. He specializes in providing clients in local tax advices in logistics industry, Transfer Pricing (“TP”) compliance, inbound investment and other compliance issues relating to inbound investment.

Prior joining to RSM Vietnam (for 15 years), Lam has been with one of the Big 4 in Vietnam, Malaysia and Australia for 11 years, advising many multinational companies on their TP compliance, investment structuring, entry strategies, foreign investment regulations, international and local tax planning and compliance in logistics industry and other sectors.

Lam is currently charge of RSM Vietnam’s tax and consulting practice providing local tax and customs compliance, outsourcing and advisory services to foreign investors entering into and operating Vietnam. He has also represented various companies and industries in their representations to local authorities in matters relating to foreign investment and taxation policies and interpretations.

Lam is lecturing in Accounting, Tax, Risk and Business Management and related subjects for ACCA (F6), CPA Australia, VTCA, VACPA and Bolton University.
